

Lesson 7 - Growth

When one part of our body does not develop along with the rest of the body, we see the entire body suffers because of the underdeveloped portion. This week's lesson focuses on the growth of the entire Body not just individuals in the Body.

1. Reflect on Ephesians 4:3 and 4:15-16. What does Paul teach us that is needed for the Body to grow?
2. Read Proverbs 27:17 and Ecclesiastes 4:9-12. From these verses what can we learn about doing our faith journey together and not alone?
3. What does Hebrews 10:24-25 teach us about our responsibility to others within the Body of Christ?
